

Little Explorers

Little Explorers is a welcoming group for parents 25 years and under who have given birth, with children aged 0 to 5 years, to join with other families to play, chat and support each other.

Please join us each week for fun activities, access to a Children's Health QLD nurse, morning tea and play ideas to take home.

This playgroup is supported by the Young Mothers for Young Women team. There's free on-street parking and accessible public transport.
